ONLY A FEW have commented so far about the proposed cornerstone un-laying ceremony for the Campbell Grammar School. The school, as you know, will be taken over by the new junior college next year and within five years will be abandoned when the jaycee finds its own site.

Campbell Grammar School was built in 1922, according to the date on the cornerstone. Undoubtedly inside the stone are items that would be of interest to the community today from a historical point of view. The contents should make excellent material for the museum or for the archives of the school district itself.

Superintendent Bill Henley suggested that a ceremony might be developed when the cornerstone is removed. Mayor Charles Rose has indicated he is all for it.

Charlie has an added incentive. The school was built when he was a fifth grader. He remembers as a youngster dropping a penny in the container in the cornerstone. He wonders if the penny is still there.

-o-

We like the idea of a ceremony when the cornerstone is removed. City and School brass could gather around. They could take turns at wielding a chisel (Perhaps "chiseling" isn't the proper word to use).

We are convinced we could make a real humdinger of a program out of it. Maybe Charlie could find some of his fellow fifth graders to help check on those pennies. And there must be a number of residents around who can recall the big day some 42 years ago.

We are all for it. But we certainly would like to get ideas from others as to how it should be handled.

It would mark the first cornerstone UN-laying ceremony in which we have ever been involved.

NEWSPAPERS and their relations to public agencies featured two meetings recently which we attended as guests of city officials.

We went with Police Chief John Morgan to a gathering of county law enforcement people who are somewhat concerned over recent suggestions by Attorney General Stanley Mosk. The suggestions, if carried out, would really hamstring both newspapers and the police in carrying out their respective objectives. But we have not been overly-concerned over Mosk's mouthings.

It has long been our contention that police-newspaper relations must be established on a mutual respect basis. We maintain, if that such a policy exists on a local level, the

Hamilton becomes through street by November-maybe

Hamilton Ave. will become a through street of four and six-lanes of moving traffic by November. That is, provided there are no hitches in the time table that has been set up, Myron Hawk, public works director, informed the City Council Monday night.

Hawk said that more than 60 per cent of the property owners involved in the areas needed for rights of way have agreed to dedicate portions of their land under the improvement district program. Thus the final road block that has long-delayed the street improvement project has been removed, he added, and work on it can begin immediately.

The council took immediate steps to carry out the improvement of the street by authorizing the necessary land acquisition and the appointment of the engineers and attorneys involved in getting the improvement district and project off the ground.

If no complications develop, Hawk said, the job should be ready to go to bid by July 27. If it is all smooth sailing from then on, it will be completed by November. It is estimated that the job will cost approximately $125,000 which will be paid for from the city's gas tax funds.

City officials were elated over the latest developments which means that the improvements can be done on Hamilton before the San Tomas Expressway is completed to it. Hamilton-Expressway intersection facilities will be paid for by county Expressway funds.

When the work is completed on Hamilton in November, it will mean that traffic will be able to move all the way from Winchester.

From Winchester to Eden the road will be six-lanes; past Rosemary School to San Tomas Expressway it will be five-lanes and then to Phoenix it will be four-lanes. It is six-lanes now from there on.

Voters must decide on County bonds June 2

Campbell residents will be voting next Tuesday, June 2, on five county bond proposals totaling $31,625,000 for major capital improvements including the purchase of two electronic vote tabulators at a cost of $1,600,000.

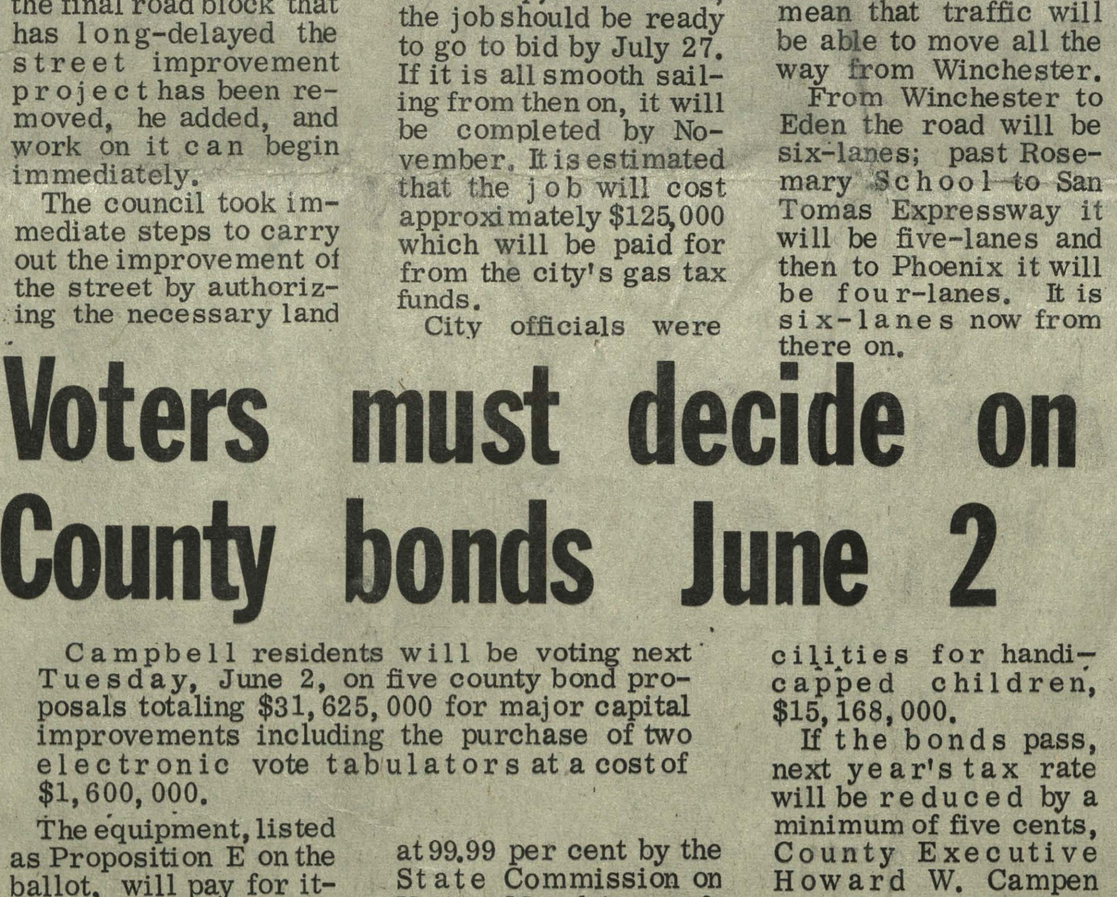
The equipment, listed as Proposition E on the ballot, will pay for itself through a savings of approximately $97,000 each election, according to County Registrar of Voters H. P. Sullivan.

In addition to the $98,000 savings in election costs, the counting time will be cut by at least 10 hours. Accuracy of the equipment has been certified at 99.99 per cent by the State Commission on Voting Machines & Vote Tabulating Devices.

Other major capital improvements to be voted on June 2 include: A--County buildings, $5,992,000; B--Regional parks, $6,750-000; C--Regional airports, $2,115,000; D--Medical, detention, and educational facilities for handicapped children, $15,168,000.

If the bonds pass, next year's tax rate will be reduced by a minimum of five cents, County Executive Howard W. Campen has stated. Rejection of the issue could result in a major increase in the tax rate through the necessity of pay-as-you-go financing, he said.

If approved, the $31,625,000 program will be paid for through the sale of 20-year general obligation bonds.



FIRST ACCIDENT AT NEW WINCHESTER-CAMDEN INTERSECTION--Moderate damage to both cars was the result of the first accident at the Camden-Winchester intersection where a new traffic pattern was recently established.

Sixteen year old Emogene Gael Jones, 15049 Union Ave., a Leigh High School student, was cited by Campbell Police for failure to yield to through traffic when making a left hand turn. Gray H. Cuttriss, 71, 339 A. Main St., Los Gatos, was the driver of the other car.

Council zones 55-acres

Destiny and density of a 55-acre parcel between Latimer and Hamilton just west of the San Tomas Expressway concerned the City Council Monday night in a marathon zoning session that lasted more than two hours.

By a 3-1 vote (Councilman Ralph Doetsch was absent) the Council placed R-1 (single family) zoning on a four-lot deep area fronting on Latimer. The remainder of the area was placed in P-D (planned development) with the exception of a small portion jutting into the Expressway pattern.

Mayor Charles Rose cast the dissenting vote. He maintained that P-D zoning was not fair to the property owner because it was an indefinite zone. He argued that Hamilton Ave. was destined to become a commercial area and this should be taken into consideration.

The council's action Monday modified the recommendation submitted by the Planning Commission for the area. The Planners, after holding a hearing had recommended that the entire area be zoned P-D. The com-

And a tree goes p-ff-tt

Ordinarily any action to remove a tree in town will provoke a battle at the drop of a leaf.

But sometimes a tree has to go to make room for street improvements as was the case last week on Harrison.

Art Mason, a fireman, who recently won honors in a national chain-saw log-cutting contest, was loaned to the public works department to cut down the towering tree in the way of progress.

Among the strongest defenders of trees are members of the Campbell Garden Club.

The club has appealed to the City Council to adopt an ordinance that would require approval of the Planning Commission before any tree more than 50-feet in height can be removed. Their request is scheduled to be on the agenda of the Council's next meeting.

And then there is the Roosevelt Tree, now officially owned by the City.

Citizens form committee for school bond election

Volunteers from every elementary attendance area in Campbell Union School District and of the high schools of Campbell Union High School District organized a Citizens' Steering Committee last week to inform the public about the issues they will vote on September 15.

On that date there will be a special school election to determine whether voters approve additional elementary school district bonds, high school district bonds, and state aid authorization.

At the meeting last week Superintendent Wm. C. Henley of Campbell Union (elementary) School District and Superintendent Laurance J. Hill of Campbell Union High School District presented facts about problems and needs of their districts for a continuing building program. Then those present divided into groups according to their school attendance areas to map plans for an election campaign in their own neighborhoods. The entire group meets again during the summer.

Jaycees to form

Campbell may soon have a Junior Chamber of Commerce, it was reported this week.

The local Jaycees, a civic service organization whose membership is open to all young men between the ages of 21 through 35, will be sponsored by the San Jose organization.

Those interested are asked to contact Gabe Solis, 378-8154 or Gene Intricci, CY 4-5420, ext. 318 for further information.

It's now 21,600!

Campbell's population is now 21,600.

This was revealed Tuesday as a result of the special census completed by the state Department of Finance, according to Bob Stephens,

This is a gain of 3,350 over the last figure and will result in an increase of $23,450 annually in state subventions effective May 31.

"YES" on all five

On Tuesday, June 2, voters of the county face five bond issue measures on the ballot totaling $31,625,000 for the county building and park programs.

We suggest a "Yes" vote on all five measures.

Here is a brief outline of the proposals:

Measure A--County buildings, $5,992,000.

This includes north county building expansion; development of the downtown court program; development of the civic center; creation of a special services center; and construction of a service building.

MEASURE B--Regional Parks, $6,750,000.

County officials claim that this measure will make it possible to buy land and complete the regional park system, before land costs go beyond reach. The plan calls for a wide range of mountain and valley floor parks; marine parks; reservoir parks; streamside preserves, and special cultural facilities.

MEASURE C—Regional airports, $2,115,000.

There is some question on this measure but we contend that improving the two existing airports (in the northern and central parts of the county) is good business, if the need for airports has been established. And we think it has. Included also are plans for a new airport in the south county area. Land prices will not go lower. This also seems obvious. Future needs must be considered now.

MEASURE D--Medical, juvenile facilities, $15,168,000.

This is the biggest single item of the five measures. It calls for the expansion of the County Hospital to meet increased need; remodeling the Mental Health Center; expansion of the boys' ranches, juvenile center and children's shelter; site acquisition for a branch jail and creation of a north and central county special school system.

Unfortunately it has become more and more necessary to be "our brother's keeper" and there is no way out of it. These expansions appear to be necessary. Just another result of our growth.

MEASURE E--Electronic vote tabulating equipment, $1,600,000.

There is no question that the present method of vote counting in this county is antiquated. Actually it is maintained that a savings of $57,000 will be realized per election if the electronic equipment is installed.

It seems we shouldn't live partly in the electronic age and partly out of it. We agree that this will be a much needed improvement.

Thus we favor a "Yes" vote on all five measures.

The expansion and improvements are apparently necessary. We cannot hide our heads in the sand and hope that the need will go away.

It is not that easy, unfortunately.

SIGNING UP--Charles F. Runner, Farm Labor office manager in San Jose, (on right) instructs high school students in the registration procedure for obtaining summer farm work. Registration takes place the next two Saturdays. In the picture (left to right) Ray Orenczuk; Timothy Dunn; Kathy Runner; Ilene Levin and Runner.

Students get chance to go back to farm

All high school students, 12 years of age and over, are urged by Charles F. Runner, manager of the San Jose Farm Labor office, to take advantage of the "sign-up-Saturdays" for registration of youth interested in summer farm work.

The first sign-up was held on May 23 and two more similar registrations will take place on Saturday, May 30, and on June 6.

Students wishing to apply for work are invited to come to the Farm Office at 1520 N. Fourth St., San Jose. Another office is located at 711 E. El Camino Real (next to Jamaixca Inn) in Sunnyvale.

Last year, Runner reports that 1700 youth were directly placed in jobs which brought estimated total earnings to high school to more than $150,000 in spending money. Work included apricot cutting, berry-picking, onion topping and some field weeding.

The offices will be open on the two Saturdays from 7 a.m. exclusively for the benefit of the students. He also suggests that students who are interested in summer work to secure Social Security numbers and school work permits before the end of the school term. The manager said that he and his staff will explain the program to parents of students seeking assistance.

mission suggested that a three-lot deep area fronting on Latimer be R-1; backed by a two-lot depth belt of medium density and then with a heavier density on Hamilton plus a small commercial section next to the Expressway.

Robert Sneed, 241 Victor, spokesman for the homeowners group that was also active in the zone-fight for another parcel on Latimer, led the opposition at the hearing Monday. His group maintained that there should be more R-1 zoning in the area.

They asked that R-1 be extended to a five-lot depth instead of three-lots. The council's action compromised on this request, making a four-lot depth R-1. The council split the two-lot depth belt that had been suggested for duplexes.

In addition to Sneed, many other residents in the area spoke against having more apartment zoning. They cited reports indicating that many apartments were now vacant in the area and that there was no pressing need for more multiples.

problems are minimized on both sides.

We are happy to report that such a relationship has existed for a long time in Campbell.

IN THE OTHER MEETING we were guests of city officials at an inter-city assemblage in San Jose in San Jose in which representatives of newspapers and cities of the entire peninsula were in attendance.

Three prominent newspapermen were on the panel to discuss the problems that confronts newspapers in the coverage of city councils and city departments.

Here again the importance of mutual respect between city governments and newspapers was stressed.

After all, it was pointed out, the objectives of both should be the same.

Newspapers have a very important job to do starting on the local level. The papers must interpret as well as report.

Sometimes this interpretation becomes a trifle sticky. But it must be done, if a newspaper faces up to its responsibility.

We have long felt that the citizens expect us to interpret as well as we report, even if they don't agree with our interpretations at times.

We want to keep it that way.

Bucs have 12 win season

The Campbell High Varsity Baseball team capped off a perfect season by winning their last two games and completing a 12 win and 0 loss league season.

The 1 to 0 win over Leigh High and the 6 to 0 win over Camden High last week gave the Bucs a four game lead over second place Del Mar High.

Highlights of the season were the two victories over the strong Blackford and Leigh teams and the fine pitching and hitting of the whole Buc team.

Hitting stars were Gary Papa, Randy Knight, Ron Baldinger, Junior Rodriguez and Murray Hall. Pitching stars were Pat Hartigan, who racked up 114 strikeouts and 7 wins, and Murray Hall who won 5 games.

Murray made a spectacular showing in in the final game of the season by pitching a 4-inning perfect game

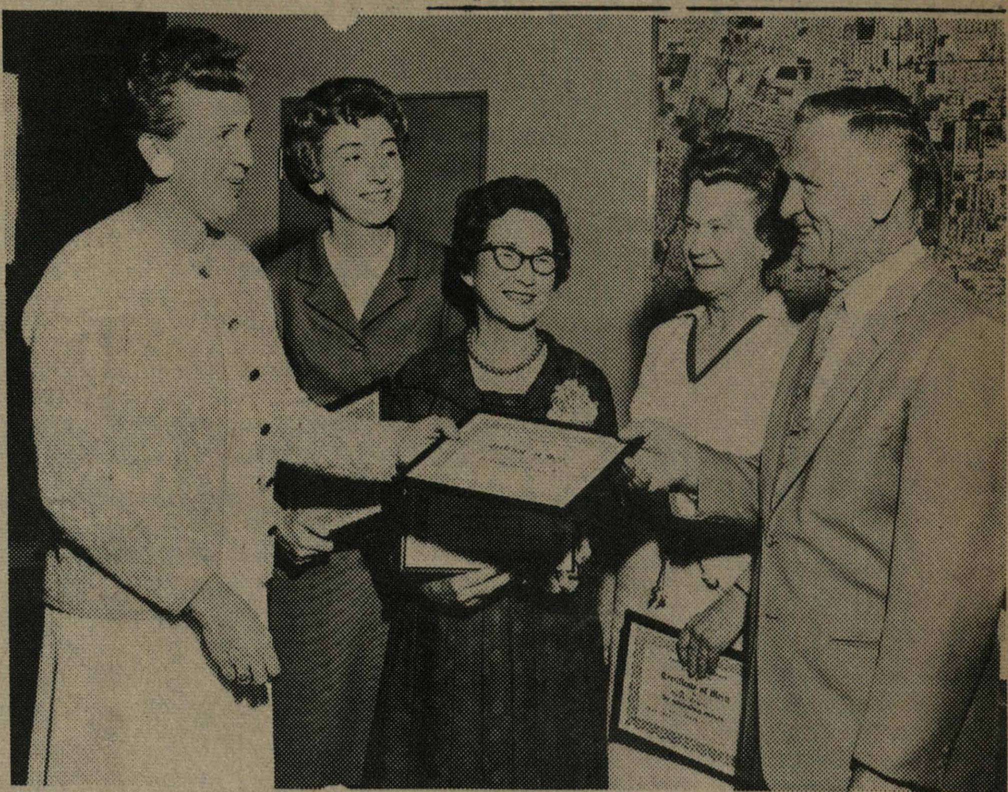
District honors four

The Board of Trustees of Campbell Union School District awarded certificates of merit to four staff members recently. Two retiring teachers, Mrs. Ellen N. Ingram of Dover School and Mrs. Helen Powell of Monroe School received certificates. Trustees wished them many years of happiness in retirement. Elmer Velander, retiring custodian of San Tomas School was also awarded a certificate of merit for his years of service to the district.

A certificate was also presented to Mrs. William Tincher, a volunteer worker for the blind and visually handicapped in the district. She has seen to it that books and other material needs for the CUSD classes at Quito and Monroe Schools have been provided.

Mrs. Tincher works directly with transcribing groups of volunteers, and she has studied S.M.S.G. math and other new curricula so that Braille adaptations of related materials could be properly prepared. Monroe Principal Bob Landreth says "This service is vital to our Blind Program and has been equivalent to thousands of dollars in savings to the Campbell Union School District." Mrs. Tincher started learning braille seven years ago.



IN APPRECIATION--Mrs. Eleanor Graham-Armstrong, president of the Campbell Union School District Board of Trustees, presents a certificate of merit to Elmer Velander, retiring custodian of San Tomas School. Certificates were also presented to Mrs. William Tincher, (left to right) volunteer worker in the district's blind teaching program, Mrs. William Powell, retiring teacher from the Monroe School, and Mrs. Norval Ingram, retiring from Dover School.

American Legion auxiliary holds "Poppy Days"

Poppy Days in Campbell will be observed on Thursday and Friday, May 28 and 29, according to Mrs. Alonzo M. Galvan, president of West Valley Unit 158, American Legion Auxiliary which sponsors the event each year locally.

It is held to remind all Americans of the sacrifices of life and health made by our fighting men in three major wars. Poppy Days also provides an opportunity for those who wish to contribute to the rehabilitation of disabled veterans and to child welfare to make donations.

Eighty percent of all donations is used in area where it is given. West Valley Unit 158 administered $597.00 in the past year to aid veterans and their families in the West Valley area.

All material for the Poppy is donated by the American Legion Auxiliary organization. The hospitalized veteran fashions the Memorial blossom from wire, red, green and black crepe-paper. He receives three cents for each Poppy he makes.

John B. Strong

Memorial services at Oak Hill Mortuary's, Chapel of Roses, were held May 19 for John B. Strong, 94, who passed away recently at a local convalescent hospital. Strong, a native of Minnesota, came to Campbell in 1896 and he and his wife, the former Lila Wade, were married at the Old Campbell Methodist Church in 1900. Mrs. Strong succumbed in 1946. He was employed for many years at the old Farmer's Union Branch store and later as a house painter. He lived most of his life on Harrison Street. He is survived by a daughter, Mrs. Lucille S. Hoerler, 108 No. 1st St., and a son, Everett Strong of San Jose. There are three grandchildren and six great grandchildren.

Abraham Friedman

Abraham Friedman, 66, father of Mrs. Rhoda Bergal of Campbell, died May 24, following a long illness.

Friedman, of 1403 Eden Ave., was a real estate salesman in Minnesota for 35 years. He came to San Jose from Duluth six months ago. He was the husband of Mrs. Sarah Friedman; father of Melvin Friedman, Leslie Friedman and Mrs. Beatrice Gallop of San Jose and Mrs. Rhoda Bergal, 3770 Acapulco Dr., Campbell and Mrs. Elaine Green of Los Angeles.

Betty Davidson

Funeral services were held in Napa for Mrs. Betty Carolyn Davidson, 43, of 1279 Bent Drive, who succumbed from a heart attack May 9. Mrs. Davidson was employed in the San Jose Public Works Department since 1961. Prior to that she had worked for the Napa County Health Department for 13 years.

She leaves her husband, William L. Davidson, and a daughter, Karen Hubbard of San Jose and a grandson. She was the daughter of Mr. and Mrs. George Greene of Napa.
